DOCKET NO. 17,168
ORDER NO. 17,374 ✓

TO: RAINBOW SEWER CORPORATION

The South Carolina Public Service Commission received a Petition from Rainbow Sewer Corporation for approval of a schedule of rates for water and sewerage service in Glenn Village II & III Subdivision, Lexington County, South Carolina, a plat of which is on file in this Commission's office.

According to accounting exhibits relating to the Petition, the Utility will have a total plant investment of \$282,333.56, of which \$75,523.51 is for the water system to serve 193 customers and \$206,810.05 is for the sewerage system and will serve 193 customers. The Utility has a Bond in the amount of Ten Thousand (\$10,000.00) Dollars on file with this Commission in accordance with Section 58-149 of the 1962 Code of Laws, as amended.

After review of the Petition and all the facts presented, the Commission is of the opinion and so finds that the rate schedule as proposed should not be approved at this time and therefore should be denied. The Commission further finds that it is in the public interest that certain temporary rates and charges should be granted this Utility, pending a public hearing on the merits of this Petition. The Commission has made this finding so as to allow customers of the Utility to begin using the service of this Utility while this matter is pending for full and final determination subsequent to a public hearing which will be held on February 26, 1974, at which time testimony and evidence can be received to determine the justification of the proposed rates and charges. To find otherwise would place a hardship on customers of the Utility in that such customers would be unable to utilize such service should the Commission not allow temporary rates as granted herein. The Commission hereby determines that the following rates and charges should be approved on a temporary basis:

APPROVED TEMPORARY RATE SCHEDULE

WATER

First 3,000 Gallons ----- \$ 4.50 Minimum Charge
Next 2,000 Gallons ----- \$.90 per 1,000 Gallons
Over 5,000 Gallons ----- \$.75 per 1,000 Gallons
Tap Fee for 3/4" & 5/8" meters - \$250.00
Reconnect Fee ----- \$ 5.00
For larger water taps --- Cost of Tap plus 20%

SEWERAGE

Monthly Service Charge - \$ 5.00
Tapping Fee ----- \$300.00

IT IS THEREFORE ORDERED:

1. That the rates and charges proposed in the Petition are hereby denied until the public hearing is held on February 26, 1974, and final Order rendered by this Commission.
2. That the rates and charges set forth above are hereby approved on a temporary basis and may be charged by the Utility as of the date of this Order until the public hearing is held on February 26, 1974, and a final Order rendered by this Commission.
3. That the Utility shall publish its proposed rate schedule as shown on its Petition, at its own expense in a newspaper of general coverage in the area affected, once a week for three consecutive weeks stipulating that a public hearing will be held before the Commission in Room 704, Owen Building, 1321 Lady Street, Columbia, South Carolina, on Tuesday, February 26, 1974, at 4:00 P. M., in order for all interested parties to be heard. Proof of publication of this Notice shall be presented prior to or at the Hearing.
4. That all books and records for the Utility's water operations shall be maintained in accordance with the NARUC Uniform System of Accounts for Class A & B Water Utilities as adopted by this Commission.
5. That all books and records for the Utility's sewerage operations shall be maintained in accordance with the NARUC Uniform System of Accounts for Class A & B Water Utilities, as adopted by the Commission, to the extent applicable as a guideline, until such time that a Uniform System of Accounts is adopted for Sewerage Utilities.

6. That the Commission continues jurisdiction of the Docket until further notice.
